RE: Help Taekwondo Competition Team Go to USAT Nationals

To whom it may concern,

My name is Dr. Yoendry Torres and I am a clinical psychologist and owner of TKD Wellness, an Olympic Sport Taekwondo fitness facility located in Northwest Tucson. TKD Wellness' mission is to improve the mental, physical, social and emotional health of our community through teaching Taekwondo and psychological education.

In addition to our regular youth and family classes, we have a competition team with athletes who have already been able to win gold and silver medals at the 2022 Arizona state Taekwondo championships. Our goal is to demonstrate to our local community youth that to accomplish great things it takes a tremendous amount of hard work and the support from family and the community.

The TKD Wellness competition team athletes are passionate and determined to work hard, but not all of them have the financial means to fulfill their dreams of year-round competition or be able to attend USAT Nationals. As you might imagine, there are many expenses connected with being a competitive athlete. To participate in the competition season, expenses can range from \$1000 to several thousand dollars per athlete.

That is why we have started a GoFundMe campaign to help athletes accomplish their goals. We hope that you will consider donating to this worthy cause. If you would like to make a donation, please click this link (<https://gofund.me/65af8ae4>) or scan the QR code below to see our GoFundMe campaign page.

Thank you for your consideration.

Best regards,

Yoendry Torres, Psy.D.
